HOW DO I BORROW EBOOKS FROM THE LIBRARY?

Does the Device have a Black & White OR Color display?

Black & White

Is the device a Kindle?

No

Use the Nook First Generation and Simple Touch Procedure

HELPFUL TIPS
-Requires a separate computer to borrow ebooks.

-Requires Adobe Digital Editions be installed on the computer and registered with an Adobe ID.
(https://accounts.adobe.com)

-Ebooks will be downloaded first to computer then transferred via USB to the device (Even if the device is WiFi capable).

-Select the EPUB ebooks.

Yes

Use the Kindle with keypad and touchscreen Procedure

HELPFUL TIPS
-Requires a separate computer to borrow ebooks.

-Most of the process will happen on the Overdrive site. Then you will be transferred to amazon to complete the transfer.

-Ebooks will be transferred over wifi by the Kindle. "Sync & Check for new items" if the ebook does not appear.

-Select Kindle ebooks.

Color

Use the Downloading library books to Tablet or Phone Procedure to get the Overdrive App….

Need more tips … continue below…

Who makes the device?

Amazon Kindle Fire

HELPFUL TIPS
-Obtain the Overdrive App through the Amazon App Store.

-Register the App with an Overdrive Account

-Select the EPUB ebook format for the app (even though it is a Kindle).

Apple iPad / iPhone

HELPFUL TIPS
-Obtain the Overdrive App through the Apple App Store.

-Register the App with an Overdrive Account.

-Select the EPUB ebook format for the app.

Android OR Not Sure OR Other

HELPFUL TIPS
-Obtain the Overdrive App through the Google Play Store.

-Register the App with an Overdrive Account.

-Select the EPUB ebook format for the app.

Need an alternative to the Overdrive App?

Overdrive READ - Use the device browser to navigate to GCPL's ebook collection. After finding a title, use Overdrive READ to view the book in the web browser – no App needed!

Kindle / Kindle App - While less direct than the Overdrive app, you can also use the Kindle App and follow Kindle app for Nexus (Android) or Kindle app for iPad . Kindle Fire users can use the device's browser and follow: Kindle with keypad and touchscreen
