

**Geauga County Public Library
Operating Policy Manual**

SECTION: HAZARD COMMUNICATION
NUMBER: 525
EFFECTIVE DATE: JUNE 20, 2017

All communications within the library system that relate to hazardous chemicals must be open to all staff. Hazardous chemicals are defined in Occupational Safety and Health Administration's (OSHA) standard, 29 CFR 1910.1200. It is the library's intent to fully comply with the standard and any local laws by township, city, village, or state relating to hazard communications.
